58CMR OIL FURNACE

DELIVERING RELIABLE, ENERGY-EFFICIENT INDOOR COMFORT

WARM UP WITH A CARRIER RELIABLE AND EFFICIENT OIL FURNACE.

WARM COMFORT

When it's cold outside, you can enjoy the warmth of indoor comfort with a reliable Carrier 58CMR multi-poise oil furnace. Built for a variety of applications, these oil furnaces combine the comfort, performance and reliability that you expect from the leader in indoor comfort technology.

Delivering up to 80.5% AFUE (Annual Fuel Utilization Efficiency), the Carrier 58CMR oil furnace offers an economical solution to your heating needs. The exclusive Carrier stainless steel combustion chamber acts as a primary heat exchanger to help the furnace convert oil to heat quickly and responsively. That means heat is delivered to your living space faster and more economically. The multi-speed blower distributes air evenly throughout your home so you can enjoy consistent comfort season after season.

A PERFECT FIT

Designed for versatility and durability, a Carrier 58CMR oil furnace will fit your home heating needs perfectly. As a 4-way multipoise furnace, the 58CMR will fit upflow, downflow and right and left horizontal applications. Built for rugged durability, Carrier oil furnaces will take command of your comfort to ensure reliable, energy-efficient indoor comfort for years to come.

FEATURES

1. **Aluminized Steel Secondary Heat Exchanger** features tightly welded seams for added durability.
2. **High Performance Riello Burner** designed with the latest technology to provide quiet operation and optimal fuel efficiency.
3. **Ignition Controls** reliably start the heating and combustion process for top-quality performance that you can count on.
4. **Unique Stainless Steel Combustion Chamber/Heat Exchanger** quickly and efficiently transfers heat for added comfort and money-savings.

5. **Flue Silencer Baffle** eliminates combustion noise at the source.
6. **Fully Insulated Walls** help deliver maximum heat from the furnace to the home.
